SUMMARY

Hello world! My name is Nguyen Hung and i am a 4th year-student at Can Tho University. I want to learn as much as possible and always try my best in order to improve my skills. I am seeking a position as an intern, which enables me to work in a challenging environment, gain experiences in working, develop new products and improve my English skill. I can quickly learn and master new technologies, successful working in both team and self-directed settings. If you need more information about me please let me know. Below is my github link: <https://github.com/hungnguyen7>
